

Stadelmann & Levin SA: Immersion into the Spanish culture for the company's 30th anniversary

Stadelmann & Levin SA was founded in 1980, Since then, the business went straight up and reached the peak, and the company became, what it is today ; one of the leading technical refrigeration companies in Switzerland.

In 1993, they started working with Koxka, which resulted into a successful partnership for over two decades. With a great collaboration, the company is now the first contact point for many customers in Switzerland.

In June, Stadelmann & Levin SA, with its entire team celebrated the company's 30th anniversary in Barcelona. The company wanted to introduce Spain to their employees, in order to bring them closer to the culture of its main business partner. The team spent a wonderful weekend full of sunshine, city tour, Spanish cuisine and the interesting night life to finish the day.
